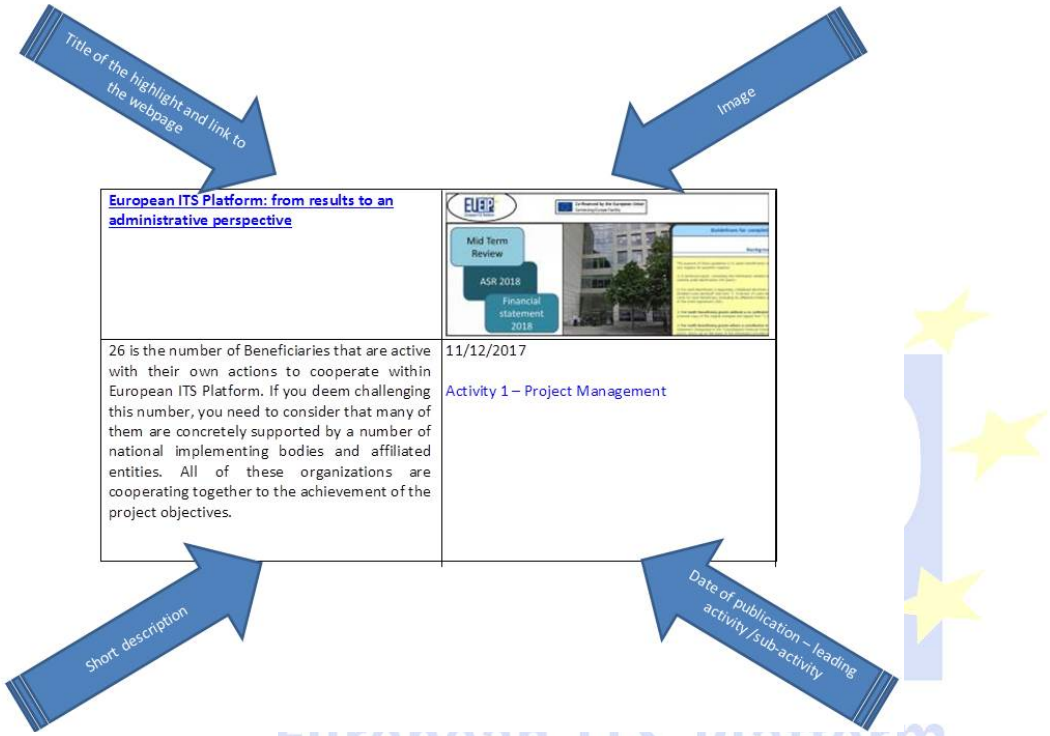
Highlights on activities of the European ITS platform

This section showcases the results of the platform as described thanks to the articles published in the period.

Please find hereinafter the reading criteria.



European ITS Platform

Facts are listed in chronological order and classified into three categories:

- Section 1 – Facts on direct actions of the platform
- Section 2 – Communication liaise with Corridors: news published in Corridor sections of the website its-platform.eu
- Section 3 – Other facts and announcements

Other information can be directly achieved through the hot link to the website.

To the purpose of this document only highlights published in the year 2018 are considered.

Section 1 – News on direct actions of the platform

"Multimodal transport – towards the future", Brussels 26 February 2019

21/12/2018

SAVE THE DATE

High-level Conference "Multimodal transport – towards the future". In the afternoon of 26 February 2019. Hotel Crowne Plaza Bruxelles, Rue Gineste 3, 1210 Brussels

Activity 1 - EU ITS Platform Governance and Management

SAVE THE DATE 25.10.2018 - Impacts of automated driving, how to maximize the benefits - joint EU EIP 4.2 & L3Pilot workshop

06/06/2018

Objectives:Automated vehicles are coming to you. But what does that actually mean, when will they come, in what form, and how can we maximize the benefits to the society? Automated vehicles have a vast potential to impact the traffic flow and improve safety, throughput and reduce emissions.

Activity 4 - Harmonization Cluster
Sub-activity 4.2: Facilitating automated driving

[The Platform meets the stakeholders at European Parliament]

22/05/2018

On May 16th 2018 the European ITS Platform and the ITS corridor projects Arc Atlantique, Crocodile, MedTIS, Next-ITS and Ursa Major met with stakeholders in the European Parliament building. The session was held upon invitation of Dominique Riquet, MEP and vice-chair of the TRAN committee of the European Parliament.

Activity 1 - EU ITS Platform Governance and Management

[The European ITS Platform is invited for a public debate in the European Parliament]

10/05/2018

Thanks to the kind invitation of Mr. Dominique Riquet, MEP and Vice-Chair of the Committee on Transport and Tourism, the European ITS Platform organized an interactive debate concerning "*How the European ITS platform and ITS corridors can facilitate the large-scale deployment of safe mobility services in Europe*".

Activity 1 - EU ITS Platform Governance and Management

Quality of Multimodal Traveller Information Services - Outcome of the Follow-up Workshop

02/05/2018

EU EIP Sub-Activity 4.1 has organised a follow-up workshop to discuss definitions for quality criteria, quality requirements and assessment methods for Multimodal Travel Information Services (MMTIS).

Activity 4 - Harmonization Cluster
Sub-activity 4.1: Determining Quality of European ITS Services

The Platform wants a pan-European synthesis of results from CEF ITS corridors

18/04/2018

The European ITS Platform organized a two days meeting in Frankfurt (28th February - March 1st 2018) to monitor and coordinate the corridor's activities.

Activity 2 - Monitoring and Dissemination (including ITS Deployment Guidelines)

[Progress of National Access Points in EU]

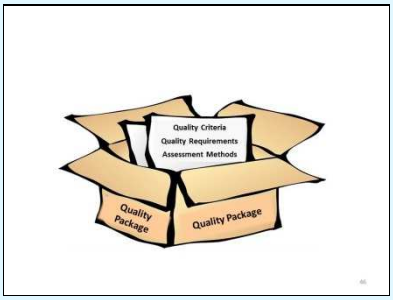
04/04/2018

The EU EIP project has published the 'EU EIP Annual report 2017 about NAPs' (link), giving an overview of the state of the art of National Access Points in Europe. Among others it includes a list of web links of NAPs in operation.

Activity 4 - Harmonization Cluster
Sub-activity 4.6: Monitoring and Harmonisation of Single Point of Access

[Update of Quality Package for Safety-Related and Real-Time Traffic Information Services]

28/03/2018



EU EIP sub-activity 4.1 has produced an update of the Quality Package for Safety-Related and Real-Time Traffic Information Services (SRTI and RTTI).The Quality Package contains recommended quality criteria, requirements and assessment methods for data and services covered by the priority actions c) and b) of the ITS Directive.

Activity 4 - Harmonization Cluster
Sub-activity 4.1: Determining Quality of European ITS Services

[ITS deployment roadmap is stepping forward: deployment drivers and incentives]

28/03/2018

The taskforce of sub-activity 4.3 on ITS deployment roadmap carried out a workshop in Frankfurt 2 March with focus on development of ITS deployment drivers and incentives which is the core part of task 5 in SA 4.3.

Activity 4 - Harmonization Cluster
Sub-activity 4.3

Practical info	Pictures and info in EU EIP website.

Activity 1 - EU ITS Platform Governance and Management

Facilitating Automated Driving – New report online

11/01/2018

Good and bad practices from increasing the automation of road operators' ITS - Lessons learned. This report focusses on the lesson learned from existing automated ITS deployments; provides useful reference materials, proposes a framework and guidance for future road operators' automated ITS.

Activity 4 - Harmonization Cluster
Sub-activity 4.2: Facilitating automated driving

Section 2 – Communication liaise with Corridors: news published in Corridor sections of the website its-platform.eu

[Early warning wireless in The Netherlands: salvage companies warn road users for potential danger on the road]

20/12/18

Drivers of salvage vehicles in the Netherlands can send electronic safety warnings to road users. When they are working on the road, they can use an app on their smart phone to send a message, which is then forwarded to the road users.

URSA MAJOR 2

[Salvage companies warn road users for potential danger on the road]

20/12/2018

Drivers of salvage vehicles in the Netherlands can send electronic safety warnings to road users. When they are working on the road, they can use an app on their smart phone to send a message, which is then forwarded to the road users.

URSA MAJOR

New measuring system to prevent tire trouble for freight traffic

10/10/2018

With this pilot the Verkeersonderneming and Rijkswaterstaat strive to detect truck tyres which are punctured and/or have low pressure in an early stage. The aim is to decreases the occurrence of incidents with trucks on the road.

URSA MAJORneo

URSA MAJOR neo – new project brochure available

06/09/2018

The URSA MAJOR neo partners are excited to present you the new URSA MAJORneo brochure: the brochure provides an overview of the project's scope, partners and goals.

URSA MAJORneo

URSA MAJOR neo - workshop on roadworks information

30/07/2018

Save the date: Roadworks information systems are important to enhance safety along the URSA MAJORneo network and can significantly contribute to avoid congestion by coordinating road works across the border of operator responsibilities and by sharing data with end user services, e.g. navigation.

URSA MAJORneo

First intelligent roadside units installed on A9 motorway in The Netherlands

17/07/2018

On 16 July 2018 the first 8 intelligent roadside units (RSU) were installed on the A9 motorway near Alkmaar, The Netherlands. Rijkswaterstaat, the Dutch national road authority, uses the RSUs to monitor and manage the traffic on the Dutch motorways. New technologies allow for smarter traffic management.

URSA MAJORneo

URSA MAJORneo & URSA CZ joint ITP workshop in Prague

13/07/2018

On June 19th, URSA MAJOR neo and URSA Czech Republic held a workshop to elaborate on the topic of Intelligent Truck Parking. 41 participants, whom among were representatives and experts of various European National Road Authorities as well as logistics and truck companies, met in Prague and participated in a total of 11 presentations, ranging from individual implementations to ideas on how to further improve truck parking across Europe

URSA MAJORneo - Vorstellung von BaustellenInfo digital RP

27/06/2018

Verkehrsminister von Rheinland-Pfalz Dr. Wissing im Interview mit dem SWR. Mainz, 18.06.2018; Minsiter Dr. Wissing: "Rheinland-Pfalz leistet Pionierarbeit" Schnellere Verkehrsinformationen, weniger Staus, bessere Baustellenkoordination: Verkehrsminister Dr. Volker Wissing hat zusammen mit Vertretern der Unternehmen HERE und Garmin sowie des VRRN die Projektinitiative BaustellenInfo digital RP vorgestellt.

URSA MAJORneo

CROCODILE 2 and CAPITAL joining forces for a combined workshop

22/06/2018

The first two half-days of the workshop were dedicated to specific training and learning workshops in cooperation with the CAPITAL project. Next to the CROCODILE 2 partners numerous public administrations and road authorities from the neighbouring countries Serbia and Bosnia and Herzegovina, as well as from Montenegro were invited to join the workshop.

Crocodile

First URSA MAJOR neo Pilot implemented in The Netherlands

21/06/2018

Rijkswaterstaat (The national road and water management agency) has installed a tyre pressure measuring system for a one year pilot on the A16 motorway, south of Rotterdam.

URSA MAJOR

URSA MAJORneo & URSA CZ joint ITP Workshop – Agenda

28/05/2018

Introducing the first joint Intelligent Truck Parking workshop between URSA MAJOR neo & URSA CZ. The workshop will be held June 19th, in Praque at the "Bio Ponrepo", Bartolomějská 291/11. It addresses the challenges and opportunities of ITP with a focus on today´s ever-changing environment.

URSA MAJOR neo

[URSA MAJORneo at TRA Vienna – Transport and Data Security in a Digital Era]

25/04/2018

Nowadays, nodes of transport are less and less isolated and more and more interconnected with the external environment. The creation of smart, integrated, trusted, and secure logistics chains is the challenge to be faced. This discussion was in focus of the TRA 2018 strategic session “Transport and Data Security in a Digital Era”.

URSA MAJORneo

[URSA MAJORneo & URSA CZ joint ITP Workshop - Save the Date]

06/04/2018

URSA MAJOR neo & URSA CZ invite you to

Intelligent Truck Parking Workshop

19th June 2018, Prague, Czech Republic

URSA MAJORneo

[The Platform is discussing a new conceptual design for the motorways of the future]

26/02/2018

In the framework of prospective works on the evolution of motorways in the approach of the great European metropolises, ASFA (French motorways association) has considered these future evolutions and produced a video to show the main results.

Medtis

[URSA MAJOR 2 Capitalisation Workshop in Venice]

06/02/2018

The URSA MAJOR 2 Capitalisation Workshop, which was hosted on December 14th by the North Adriatic Sea Port Authority of Venice and Chioggia, was designed as an instrument to activate benefits from regional projects for the whole URSA MAJOR corridor.

URSA MAJOR

URSA MAJOR neo Consortium Agreement

06/02/2018

The signature event was held during the December 14th Capitalisation Workshop in Venice and was opened with a speech from Iolanda De Luca.

URSA MAJOR

URSA MAJOR neo Kick-Off

06/02/2018

The first URSA MAJOR neo meeting was held on December 15th in Italy, hosted by the North Adriatic Sea Port Authority of Venice. During the meeting, a number of key issues that need to be taken into account during a project's starting phase were addressed.

URSA MAJOR

Arc Atlantique 2 Evaluation Plan

16/01/2018

At the start of the Arc Atlantique2 action an evaluation plan is worked out. The plan is based on the output of the EU EIP Activity 5. The EU EIP KPI Definitions as produced in version 10.0 – 8 February 2017 are used.

Arc Atlantique

Traffic management on E19 between Antwerp and Brussels (AA2 Action - BE Flanders)

15/01/2018

The Flemish ministry has implemented VMS on the E19 between Brussels and Antwerp in both directions. Preparation started in 2016 with European procurement, implementation of fiber optic and detection.

National Bodies meet at Forum 2018

12/10/18

On Wednesday 14th November from 9:00-10:45 a special warm-up session is organised for National Bodies and National Access Point Operators. Theme of the session is: tackling common challenges.

Activity 4 - Harmonization Cluster
Sub-activity 4.6: Monitoring and Harmonisation of Single Point of Access

Meet us at the ITS World Congress in Copenhagen

17/09/2018

This week the ITS Platform and ITS Corridors will be present at the ITS World Congress in Copenhagen. Many of the project partners will be attending the congress.

Activity 1 - EU ITS Platform Governance and Management

DATEX II Forum – 23 en 24 mei 2018 te Utrecht

24/07/2018

Op 23 en 24 mei organiseerde Rijkswaterstaat het 5e DATEX II Forum in het LEF Future Meeting Centre. 143 deelnemers uit 20 verschillende landen kwamen samen om meer te leren over de standaard, kennis uit te wisselen met de rest van de community en discussies aan te gaan over de toekomst.

DATEX II

5th DATEX II Forum 2018

24/07/2018

Declaration of Utrecht shows great promise for the future of DATEX II. On the 23rd and 24th of May the 5th DATEX II Forum was held in the LEF Future Meeting Center in Utrecht, the Netherlands. 143 participants from 20 different countries came together to learn more about the standard, to exchange knowledge with the rest of the community and to enter into discussions about the future.

DATEX II

[Management of Future Motorways and Urban Areas: the Platform discusses with stakeholders]

12/07/2018

The Joint Research Centre (JRC) of the European Commission invited the European ITS Platform to the 2nd Symposium on Management of Future Motorway and Urban Traffic Systems (MFTS2018).

Activity 1 - EU ITS Platform Governance and Management

[How ITS deployment can be promoted through incentives and other drivers]

04/07/2018

Around 20 experts from nine countries and the EC met in Brussels 17 May to discuss how ITS deployment can be promoted through incentives and other drivers.

Activity 4 - Harmonization Cluster
Sub-activity 4.3: ITS Deployment Road Map Update

[Nordic ITS Terminology]

29/06/2018

The fourth edition of the Nordic ITS Terminology is recently published by three Nordic transport administrations, namely the Finnish Transport Agency (Liikennevirasto), the Norwegian Public Roads Administration (Statens vegvesen) and the Swedish Transport Administration (Trafikverket)..

NEXT - ITS

[The Platform discussed road safety and ITS with ASECAP]

18/06/2018

Experts of the European ITS Platform received an invitation to take part to the “46th ASECAP Days 2018” (Ljubljana, June 6-8th). The debate organized by ASECAP was devoted to European actions and plans towards Road Safety, taking the cue from EC priorities presented as part of the 3rd mobility package on the specific subject of Road Safety.

Activity 1 - EU ITS Platform Governance and Management

[The Joint Research Center is discussing the mobility of the future]

28/05/2018

The 2nd Symposium on Management of Future Motorway and Urban Traffic Systems (MFTS2018) will be hosted by the Joint Research Centre (JRC) in Ispra (Italy).

Activity 1 - EU ITS Platform Governance and Management

[Intelligent Transport Systems – DG MOVE organized a stakeholder workshop on Evaluation of the ITS Directive]

10/05/2018

Intelligent Transport Systems (ITS) allow the Information and Communication Technologies (ICT) entering in transport. The ITS Directive establishes a framework in support of the coordinated and coherent deployment and use of Intelligent Transport Systems within the European Union.

Activity 5 - Evaluation

National Access Point as a tool to support the quality of travel - international conference in Warsaw

30/04/2018

On 9 April 2018 the conference “National Access Point as a tool to support the quality of travel” took place in Warsaw, a joint cooperation between the CEF projects Crocodile and EU-EIP, ITS Polska and Rzeczpospolita Polska.

Activity 4 - Harmonization Cluster
Sub-activity 4.6: Monitoring and Harmonisation of Single Point of Access

Innovations for road safety: Dream or Reality?

30/04/2018

That was the title of the presentation made by Louis Hendriks (Rijkswaterstaat) at the Dutch National Road Safety Conference (NVVC) on 26 April 2018. According to Mr. Hendriks the future is full of beautiful promises, but in the meantime road operators have to manage the road network today for traffic flow and safety which becomes more difficult due to the growth of the fleet.

Activity 4 - Harmonization Cluster
Sub-activity 4.6: Monitoring and Harmonisation of Single Point of Access

[Road Technologies on the way of Valletta]

04/04/2018

On the 20th of March 2018, ASECAP organized in Brussels its 11th Annual Road Safety Conference, hosted by the Member of the European Parliament Mr. Georges BACH.

Activity 1 - EU ITS Platform Governance and Management

[Save-the -Date National Access Point as a tool to support the quality of travel]
